

Senior Risk Assessor – Loss Control

Full Time · Remote or Hybrid Time · Field Work Required

By joining the Team at **KENT & ESSEX MUTUAL INSURANCE** your career is headed in the right direction! As part of our Loss Prevention Program our dedicated team will conduct inspections and provide recommendations to our policyholders for their residential, farm or commercial properties. A key responsibility is for our risk assessors to help identify potential hazards and suggest improvements to existing equipment, maintenance practices and procedures to help prevent losses before they occur.

The Role

This role will involve working independently and as a team to complete loss control risk assessments of residential, farm and commercial policyholder properties, and preparing comprehensive and consistent reports for our underwriting team.

As the successful candidate, you will:

- Perform detailed on-site risk assessments of policyholder properties, considering the fire code, building code, electrical code or any other codes or standards that may apply
- Use thermal imaging technology (when applicable) to assess the condition of the electrical and mechanical systems
- Review the site for potential environmental and liability concerns
- Assist in responding to risk management questions from managers, underwriters, policyholders or brokers
- Prepare and deliver risk management training to other employees or our broker partners
- Continually keep current of new standards and codes, or new construction methods for farm buildings, commercial buildings, and residential properties.

Qualifications and Skills

- Trade experience in electrical, plumbing, heating, and/or construction
- Experience performing risk assessments of farm, commercial and residential properties
- Thorough knowledge of agribusiness, farming and commercial operations
- Must have a working knowledge of the National Building Code, the Ontario Electrical Code, and the Ontario Fire Code
- Proficient with Microsoft Office and excellent computer skills
- Required - Possess a valid Ontario Driver's License (G-class) and access to a vehicle on a daily basis
- Proven ability to work independently and to organize workload and schedule
- Ability to work cooperatively, positively and in a professional manner with others to facilitate an effective team environment
- Work in accordance with organizational and departmental expectations
- Adhering to health and safety requirements by working in a safe and organized manner
- Excellent interpersonal, problem solving, report writing, and analytical skills are mandatory
- Knowledge of thermal imaging cameras would be an asset
- Flexibility to work outside of normal office hours is required
- Knowledge of solid fuel heating systems, WETT Certification would be an asset
