

## Are you looking for a challenging, non-traditional role in compliance?

The Ontario Mutual Insurance Association (OMIA) is looking for a hardworking professional with a background in compliance and corporate risk management in a property casualty insurance environment. You will work closely with farm mutuals across the province in developing corporate, market conduct, and governance compliance tools and processes in a friendly, collaborative relationship.

You will take the lead in identifying, researching, developing, recommending and supporting initiatives to meet a broad spectrum of statutory and regulatory compliance needs for our member companies.

As an example, in the past year OMIA's Compliance Resource Officer has worked with subject matter experts to build programs addressing compliance on:

- Changes to privacy legislation
- Cyber risk assessment surveys and breach reporting and response
- Annual property casualty market conduct reporting
- Updating Ontario Auto compliance tools and processes
- Creating a corporate compliance calendar
- Approaches to internal audits
- Tools and processes for risk identification, assessment, and quantification

### Qualifications:

- You understand the property casualty insurance business
- You have a minimum of five years of relevant experience
- You have played an important role in organizational compliance projects
- You can read, interpret, and analyze statutes, regulations, and guidelines
- You can write clear accurate policies, information bulletins, and reference material
- You can present information sessions and lead discussion on compliance related topics
- You can read financial statements and understand reporting requirements.
- You have experience with risk identification and quantification and enterprise risk management concepts
- You can lead teams and work well with groups
- You are a good listener and value the opinion and experience of others
- You are a self-starter, can work independently and meet deadlines
- You will represent OMIA on industry advisory and consultation groups
- You can travel in Canada, particularly Southwestern Ontario

**In addition, you probably have:**

- A degree, diploma, or certificate in a business-related discipline and/or a professional certification in insurance, risk management, or accounting

You'll work out of our LEEDS certified office located by the 401 in Cambridge. With award-winning environmental technology throughout the building, employees enjoy a positive workplace that supports a balanced, healthy and family-oriented lifestyle. A large fitness facility, outdoor walking path and other healthy living initiatives complement our green building. OMIA provides competitive compensation, benefits, and pension packages.

**If we've sparked your interest and you are up for a challenge, we encourage you to submit your resume via e-mail to [careers@omia.com](mailto:careers@omia.com).**

---

The Ontario Mutual Insurance Association (OMIA) is the trade association for 38 independent farm mutual insurance companies across Ontario, each of which is 100% Canadian and owned by its policyholders. OMIA's function is to share resources, address issues of common concern, and explore opportunities for growth and development among our member companies. At OMIA we enable our member companies to achieve and maintain a high level of excellence, by providing leadership through education, training, marketing and shared services.

Collectively, the Ontario Mutuals are one of the strongest and financially stable insurance networks in the world. Ontario Mutuals are part of a fabric of communities across the province, and have been for generations. Besides providing home, auto, farm and business insurance protection, Ontario Mutuals remain actively committed to improving the general prosperity and economic development of the communities where they live.

*We thank all applicants for their interest, however, only those selected for an interview will be contacted.*
